Subject: Letter of Support for Planned Support Second Stage Housing Development

Dear Mayor Johnstone,

I am writing to express my enthusiastic support for the planned Support Second Stage Housing development in the City of New Westminster. As a homeowner in this community, I believe that this initiative is crucial for addressing the pressing issue of homelessness and affordable housing in our city.

One of the reasons for my unwavering support is the outstanding contribution of The Lower Mainland Purpose Society to our community since the 1980s. Over the years, I have witnessed firsthand the positive impact they have had on the lives of vulnerable individuals and families. Their commitment to supporting those in need, particularly in the areas of mental health, addiction services, and homelessness prevention, is truly commendable.

By endorsing the Support Second Stage Housing development, we not only acknowledge the invaluable work of The Lower Mainland Purpose Society but also demonstrate our collective commitment to building a compassionate and inclusive community. This project will provide much-needed stable housing and support services to individuals and families who are at risk of homelessness or have experienced homelessness.

Second-stage housing offers a crucial lifeline for individuals in crisis, offering them a safe and stable environment where they can rebuild their lives. The provision of supportive services, counselling, and skill-building programs will empower them to regain their independence and achieve long-term housing stability. Furthermore, this initiative will alleviate the strain on emergency shelters, reduce the burden on healthcare and social services, and contribute to public safety.

As a homeowner, I understand the importance of maintaining the fabric of our community while ensuring that all residents have access to safe and affordable housing. The Support Second Stage Housing development aligns perfectly with this objective. By investing in this project, we are not only addressing the immediate needs of vulnerable individuals but also working toward long-term solutions that will benefit our entire community.

I kindly request that you consider my letter of support and continue to prioritize the development of Support Second Stage Housing in New Westminster. By doing so, you will not only honour the positive contributions of The Lower Mainland Purpose Society but also uphold the values of compassion and inclusivity that define our city.

Thank you for your attention to this matter. I appreciate your leadership and dedication to improving the well-being of our community. Should you require any further information or assistance, please do not hesitate to reach out to me. I am fully committed to supporting the city's efforts in any way I can.

With warm regards,

William Place
